

## **2003 SOUTHWEST HIGH SCHOOL SWIMMING AND DIVING CLASSIC**

**This past weekend, Countryside YMCA and the CY Torpedoes Swim Team Boosters, hosted over 400 swimmers and divers competing in the 2003 Southwest Ohio High School Swimming & Diving Classic. We were one of six preliminary sites for this event, the largest high school swim meet in the U.S., with over 2,500 competitors. We are proud to be a part of this great event, which not only promotes the sport of swimming, but also provides college scholarship money to four swimmers each year. What a great weekend of swimming! I hope you all had a chance to enjoy it.**

**I want to thank the CY Torpedoes Swim Team Boosters and all the people who worked at the meet this weekend (especially those who braved the frigid temperatures to handle parking). This meet is possible only because of your support and effort. Thank you for volunteering your time and for performing your duties so well.**

**There are also a few individuals who deserve a special thank you. Leslie Nettling, our Classic Coordinator, thank you for the countless hours you spend and the hundreds of details you coordinate to make this event run so smoothly. We couldn't do it without you. Karen Eberly, thank you for organizing the workers and making sure everyone knows what to do. Juley Lawson, thank you for the wonderful hospitality room, the coaches and officials appreciate it too. Janene Chavis, thank you for organizing the concessions. The food was delicious.**

**Thanks again to the entire CY Swim Team family for your support of this great event.**

**Ross Schmidt,  
CY Torpedoes Swim Team President**
